MAY 2012

City Montessori School, Lucknow — ICSE (Class X)

MAY 2010

PROJECT OVERVIEW

Xeeva, Inc. (June 2014 - July 2014)

- Performed testing on e-procurement Project as a testing team member.
- Procure to Pay forms the buying engine of Xeeva's e-procurement Solution.
- Performed manual testing using use cases of the procure to pay business documents.
- For understanding the use cases, I went through the concepts of the supply chain management and developed a thorough understanding of them.
- Learned to efficiently create the test scenarios and test cases based on the requirement document and the execute them using the application.

Tata Consultancy Services (June 2015 - July 2015)

- I worked as a front end developer on the TCS Conformance Assurance Solution(CAS) Project .
- TCS provides its CDMA conformance Assurance Solution to help cloud vendors to ensure their product comply with SNIA CDMI specification.
- I designed and debugged the front end of CAS cloud solution application.
- I designed the front end using HTML5, CSS3 and Bootstrap 3.
- I briefed on some concepts of cloud computing and the working of TCS Conformance Assurance Solution.
